

You're invited to the GPL 2019 Summer Experience!

How the Program Works:

1. Teens in 6th through 12th grade are invited to register. A valid Goffstown Public Library card is required for registration.
2. To register, fill out the enclosed form and bring it to the Library starting **Friday June 14, 2019**.
3. To register for programs and events, go to our website at **www.goffstownlibrary.com**, beginning Friday, June 14, 2019.
4. When you bring in your completed registration form, you'll receive a reading log and "Master the Solar System" sheet to begin your summer experience. Use the worksheet to keep track of every hour that you spend reading and different experiences you attend.
5. We'll be offering a wide variety of events all summer, as well as an ongoing raffle for exciting prizes. See the attached calendar and go to our website for registration information and complete descriptions.
6. Raffle tickets and free books (while supplies last) will be awarded for the completion of every **10 hours** of reading time. Soar through the "Master the Solar System" sheet to earn extra tickets towards the raffle!

The Goffstown Public Library welcomes teens of all abilities.

For more information, call the Library at 497-2102 or visit our web site at goffstownlibrary.com/teens for more information.
