

September 12, 2008

Welcome!

Thank you for agreeing to join us for a meeting to discuss the Goffstown Public Library. As you know, we have begun a strategic planning process to take our library into the future, and, as an important member of the community, your input is greatly needed and valued. This meeting will be facilitated by Cheryl Bryan, professional library consultant.

Your participation in this workshop will help to facilitate the library's long range planning process by assessing our existing services in relation to the community's needs and forming a vision of what services should be available. The purpose of the planning process is to help the library identify and analyze their community and program needs, determine key library service activities and roles, and develop goals and objectives which will help the library carry out its mission and support the needs of the community. We welcome your thoughts and ideas about the library and how we can best serve the needs and interests of our community now and in the coming years.

Again, thank you for your willingness to take part in this endeavor.

Sincerely,

Lisa M Iodice, Chair
For the Board of Library Trustees
